The Bold Curve

FIRONA

The Bold Curve

FIRONA carries a refined collection of sintered surface bathroom products, designed to bring sculptural form and functional excellence into contemporary spaces.

Among its standout series is the **Hot-Bend Basin (HBB)** — a range of seamless basins expertly thermoformed through advanced hot bending technology.

FIRONA's basins embody the perfect blend of design fluidity and structural strength. The **Hot-Bend Basin (HBB) series** showcases flowing, jointless curves that are not only visually striking but also built to endure.

Resistant to heat, impact, scratches, and stains, these basins are ideal for both residential and commercial applications where durability meets modern aesthetics.

FIRONA's sintered surfaces are non-porous, repelling water, mold, and bacteria — ensuring hygiene with minimal upkeep. The smooth, joint-free design allows for easy cleaning and delivers a sleek, contemporary finish that enhances any bathroom space.

With its bold curves and fire-formed finesse, **FIRONA** defines a new standard in bathware innovation — truly The Bold Curve.
